## **Palm Beach Neuroscience Institute, St. Mary's Medical Center Neuroscience Center and the Palm Beach Children's Hospital Recently Sponsored the Fourth Annual Neuroscience Symposium**

A dozen of the top Neuroscience experts from across the nation educated the South Florida medical community on the latest advances in treating patients with neurological disorders and head injuries at the Fourth Annual Neuroscience Symposium sponsored by the Palm Beach Neuroscience Institute (PBNI), St. Mary's Medical Center Neuroscience Center and Palm Beach Children's Hospital. The event brought together medical specialists involved in the diagnosis, evaluation, treatment, and care of patients with neurological disorders including stroke and traumatic brain injury, neuropsychology, rehabilitation, neuro-critical care, and anti-aging medicine. Continuing Medical Education (CME) credits were issued by St. Mary's Medical Center, which is accredited by the Florida Medical Association to provide continual medical education for physicians. The Fourth Annual Neuroscience Symposium was held on Saturday, November 2, at PGA National Resort & Spa in Palm Beach Gardens.

*Fourth Annual Neuroscience Symposium panel and members of the Palm Beach Neuroscience Institute, (bottom row l - r): Dr. Christina Zafiris, PBNI; Dr. John M. Whapham, panel; Dr. Yolanda C. León, panel; Dr. Susana M. Bowling, panel; Dr. Ali R. Malek, Course Director of the Neuroscience Symposium, PBNI; Dr. Paul Acevedo, PBNI; Dr. Jennifer Buczyner, PBNI; Dr. Arun Venugopal Talkad, PBNI; Dr. Pedro E. Hernandez-Frau, PBNI. (Top row l - r): Dr. William M. Coplin, panel; Dr. Traci Scherdell, PBNI; Dr. Brett A. Osborn, panel, PBNI; Dr. Sean C. Orr, panel; Dr. Neil N. Patel, PBNI; and Dr. Nils Mueller-Kronast, panel, PBNI.*
